

Some tips about making the owl

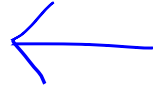

Start making the owl from the bottom.
String 14 beads on your fishing line, make sure they are in the middle. Thread one side of the string around and trough the last 7 beads.

Now, how to make this part

String one bead on either side of the string.

Loop back through the last bead of the row with the same string.

Then pull tightly,
Do the same thing on the other side.
